PROFESSIONAL SUMMARY

Recent B. Tech graduate (Computer Science and Artificial Intelligence) seeking an entry-level Python Developer role. Proficient in Python, Django, SQL, HTML, CSS, JavaScript, and Git/GitHub, with hands-on experience building full-stack web applications. Strong problem-solver with a solid foundation in Data Structures, OOP, and Machine Learning.

TECHNICAL SKILLS

Programming: Python, Java (Basics), SQL, HTML, CSS, JavaScript

Database: SQL, SQLite, SQL*Plus (Oracle) — Queries, Joins, Database Design

Frameworks & Tools: Django, Git/GitHub, VS Code, Jupyter Notebook, Google Colab

Libraries: NumPy, Pandas, Matplotlib

Concepts: Data Structures, Object-Oriented Programming (OOPs), Machine Learning

PROJECTS

AI Resume Analyzer | Personal Project

Python, Django

- Developed a web-based tool that parses an uploaded resume and evaluates it against Applicant Tracking System (ATS) standards, checking for formatting issues, missing keywords, and structural gaps.
- Built the backend with Django, using SQLite to store resume data, parsed content, and analysis results for each submission.
- Implemented Python-based logic to score resume sections and generate specific, actionable feedback for improving ATS compatibility.

URL Shortener | Personal Project

Python, Django, HTML, CSS, JavaScript

- Built a full-stack web application where users submit a long URL and receive a short, shareable link generated on the backend.
- Designed a Base62 encoding algorithm that converts each URL's database ID into a short alphanumeric code, ensuring every generated link is unique and collision-free.
- Implemented a Django-backed database to store URL mappings and handle redirection, with a front end built using HTML, CSS, and JavaScript for submitting and managing links.

EDUCATION

B. Tech, Computer Science and Artificial Intelligence | 2022 – 2026

St. John's College of Engineering and Technology, Yerrakota | CGPA: 8.9

CERTIFICATIONS

- Python Full Stack Development – Pyspiders
- Python Essentials – CISCO
- Machine Learning – SkillDzire (May–June 2025)
- Artificial Intelligence Training – Elewayte (Sept–Oct 2025)

SOFT SKILLS

Communication, Teamwork, Problem-Solving, Adaptability, Time Management

LANGUAGES

English, Telugu, Kannada, Hindi
